Dear Sir:

I am in receipt of a letter from you dated February 23rd, in it you state that no report has been received from this organization for wages payable to employees during the fourth quarter of 1938.

Our season ran from May 15th to September 15th during 1938. At the time our report was sent up to September 15th, it was marked "Final salaries for the year," I thought it would take care of that situation. If you want me to send the form in for the last quarter marked "No Employees", kindly write me to that effect and I will do so at once.

Yours very truly,
